Terms & Conditions

Except as specifically modified in this Change Directive, the Contract remains unamended and in full force and effect and it is acknowledged that the scope of work is carried out in accordance with and subject to the Contract.

This is a notice to proceed under a time and materials basis with the described work, prior to agreement of any pricing and any adjustment in the schedule for performance. This is not an authorization for payment.

The above scope of additional work will be incorporated into a Contract Change Order whereby the price of this Contract and any corresponding schedule changes will be formally adjusted based on the actual cost/time incurred and evidenced for CNL’s agreement. This notice shall be attached to the relevant Change Order.

Relevant Appendices: The following appendix represent all documentation applicable to this change which therefore form part of this Contract:
